STATEMENT OF WORK/ SPECIFIC PROPOSAL REQUIREMENTS

ONC Certified EHR Application

RFP 17-007

El Paso MHMR d/b/a Emergence Health Network (EHN) is in need for comprehensive Merit-Based Incentive Payment System (MIPS), Behavioral Health Clinical Quality Measures (BHCQM), and Healthcare Effectiveness Data and Information Set (HEDIS) reporting and data submission services. EHN is seeking proposals for an Office of the National Coordinator for Health Information Technology (ONC) certified Electronic Health Record (EHR) application that will assist in meeting the technical challenges of MACRA and other pay for performance programs.

Emergence Health Network (Local Authority) is the Department of State Health Services (DSHS) designated Mental Health Authority established to plan, coordinate, develop policy, develop and allocate resources, supervise, and ensure the provision of community based mental health and intellectual and developmental disability services for the residents of El Paso County, Texas.

A. PROJECT DESCRIPTION/SCOPE OF WORK

The MIPS track of the Medicare Access and CHIP Reauthorization Act (MACRA) has significant financial implications. Eligible Professionals can receive incentives or penalties of up to 4% of Medicare Part B fees in 2017 (applied to 2019 reimbursements) for achieving or failing to comply with MIPS performance requirements. The gap between top performing systems and bottom performing systems will be 8% in 2017 and increase to 18% in 2022. This creates a significant incentive for EHN to perform well.

The contractor will be required to establish a web-based single sign-on platform (application) from which EHN can effectively track and monitor three distinct data modules (MIPS, BHCQM, and HEDIS). The application will allow for ongoing tracking of performance with the ability to drill-down to the patient level by each clinic and eligible professional. The contractor will extract and format data from EHN's electronic health record and claims data.

Current operating state

- 15 Eligible Professionals
- 1 Federal Tax Identification Number
- 2 Electronic Health Record Systems (Cerner Community Behavioral Health and Medisoft)

EHN requires the following:

- Secure 256 bit encrypted web-based portal
- Secure file transfer process (SFTP) or Virtual Private Network (VPN)
- Ability to monitor clinical performance throughout the reporting year
- Ability to manage patient populations and disease outcomes
- Ability to share data with clinics using industry standard file formats
- Ability to share data with eligible professionals using industry standard file formats
- Ability to use clinical outcomes to qualify for incentive payments
- Ability to edit performance outcomes in the application
- Flexibility – EHN is anticipating the transition to a new EHR in 2018

- GPRO (Group) submission of data to the Centers for Medicare and Medicaid Services (CMS)
- Audit reports for correct Quality Data Code (QDC) reporting
- Account manager to coordinate and oversee all deliverables
- Full implementation within 60 days of contract execution
- Anticipated quality measure tracking to be included but not limited to:

The Proposer shall submit a narrative demonstrating its commitment as a mental-health friendly workplace, however this may not be a determining factor in the proposal process.

25. NON-COLLUSION AFFIDAVIT

The Proposer declares, by signing and submitting a proposal, that the proposal is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation; that the proposal is genuine and not collusive or sham; that the Proposer has not directly or indirectly induced or solicited another proposer to put in a false or sham proposal, and has not directly or indirectly colluded, conspired, connived, or agreed with any proposer or anyone else to put in a sham proposal, of that anyone shall refrain from bidding; that the Proposer has not in any manner, directly or indirectly, sought by agreement, communications, or conference with anyone to fix the proposal price of the Proposer of any other proposer, or to fix any overhead, profit or cost element of the proposal price, or of that of any other proposer, or to secure any advantage against the public body awarding the contract of anyone interested in the proposed contract, that all statements contained in the proposal are true; and further, that the Proposer has not, directly or indirectly, submitted his or her proposal price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, or paid, and will not pay, any fee to any cooperation, partnership, company association, organization, proposal depository, or to any member or agent thereof to effectuate a collusive or sham proposal.

Non negotiations, decisions, or cautions shall be initiated by any company as a result of any result of any verbal discussion with any EHN employee prior to the opening of responses to this Proposal.

No officer or employee of EHN, and no other public or elected official, or employee, who may exercise any function or responsibilities in the review or approval of this undertaking, shall have any personal or financial interest, direct or indirect, in any contract or negotiation process thereof. The above compliance request will be part of all EHN contracts for this service.

26. SOVEREIGN IMMUNITY

EHN specifically reserves any claim it may have to sovereign, qualified, or official immunity as a defense to any action arising in conjunction with this contract.

27. MERGERS, ACQUISITIONS

The Proposer shall be required to notify EHN of any potential for merger or acquisition of which there is knowledge at the time that a proposal is submitted.

If subsequent to the award of any contact resulting from this Proposal the Proposer shall merge or be acquired by another firm, the following documents must be submitted to EHN.

31. DELAYS

EHN reserves the right to delay the scheduled commencement date of the contract if it is to the advantage of EHN. There shall be no additional costs attributed to these delays should any occur. Proposer agrees it will make no claim for damages, for damages for lost revenues, for damages caused by breach of contract with third parties, or any other claim by Proposer attributed to these delays, should any occur. In addition, Proposer agrees that any contract it enters into with any third party in anticipation of the commencement of the contract will contain a statement that the third party will similarly make no claim for damages based on delay of the scheduled

commencement date of the contract.

32. ACCURCY OF DATA

Information and data provided through this Proposal are believed to be reasonably accurate.

33. SUBCONTRACTING/ASSIGNMENT

Proposer shall not assign, sell, or otherwise transfer its contract in whole or in part without prior written permission. Such consent, if granted, shall not relieve the Proposer of any of its responsibilities under this contract.

34. INDEPENDENT CONTRACTOR

Proposer expressly acknowledges that it is an independent contractor. Nothing in this agreement is intended nor shall be construed to create an agency relationship, an employer/employee relationship, a joint venture relationship, or any other relationship allowing EHN to exercise control or direction over the manner or method by which Proposer or its subcontractors perform in providing the requirements stated in the Proposal.

35. MONITORING PERFORMANCE

EHN shall have the unfettered right to monitor and audit the Proposer's work in every respect. In this regard, the Proposer shall provide its full cooperation and insure the cooperation of its employees, agents, assigns, and subcontractors. Further, the Proposer shall make available for inspection and/or copying when requested, original data, records, and accounts relating to the Proposer's work and performance under this contract.
