General Provisions

These General Provisions are considered standard language for all EHN proposals and RFP documents. If any "specific proposal requirements" differ from the General Provisions listed here, the "specific proposal requirements" shall prevail.

1. RFP PACKAGE

The proposal, general and special provisions, drawings, specifications/line item details, contract documents and the proposal sheet are all considered part of the proposal package. Proposals must be submitted on the forms provided by EHN, including the proposal sheet completed in its entirety and signed by an authorized representative by original signature. Failure to complete and sign the proposal sheet/contract page(s) may disqualify the proposal from being considered by EHN. Any individual signing on behalf of the proposal expressly affirms that he or she is duly authorized to tender this
proposer and to sign the proposal sheet/contract under the terms and conditions in this proposal. Proposer further understands that the signing of the contract shall be of no effect unless subsequently awarded and the contract properly executed by the CEO. All figures must be written in ink or typed. Figures written in pencil or with erasures are not acceptable. However, mistakes may be crossed out, corrections inserted, and initialed in ink by the individual signing the proposal. Changes must also be made to any electronic copies submitted. If there are discrepancies between unit prices quoted and extensions, the unit price will prevail. Each proposer is required to thoroughly review this entire proposal packet to familiarize themselves with the proposal procedures, the plans and specifications for the requested work as well as the terms, and conditions of the contract the successful proposer will execute with EHN.

2. COMPETITIVENESS AND INTEGRITY
To prevent biased evaluations and to preserve the competitiveness and integrity of such acquisition efforts, proposers are to direct all communications regarding this proposal to the bidquestions@ehnelpaso.org or assigned designee, unless otherwise specifically noted.

An authorized person from the submitting firm must sign all proposals. The signature acknowledges that the proposer has read the proposal documents thoroughly before submitting a proposal and will fulfill the obligations in accordance to the terms, conditions, and specifications.

Please carefully review this Request for Proposal. It provides specific information necessary to aid participating firms in formulating a thorough response.

3. PROPOSER’S RESPONSIBILITY
The preferred proposer will:
- Demonstrate continuous operation of their business for services requested under this RFP for a minimum of 5 years;
- Demonstrate adequate financial resources or the ability to obtain such resources as required;
- Be able to comply with all federal, state, and local laws, rules, regulations, ordinances and orders that may be required in performing the services requested under this RFP;
- Demonstrate a satisfactory record of performance for the services requested under this RFP; and
- Demonstrate a satisfactory record of integrity and ethics.

4. REJECTION/DISQUALIFICATION OF PROPOSALS
EHN reserves the right to: (1) Reject any or all proposals in whole or in part received by reason of this RFP and may discontinue its efforts in seeking proposals or execution of a resulting contract for any reason or no reason whatsoever. EHN reserves the right to accept or reject all or any part of the proposal, waive technicalities, or to award by item or by total proposal; (2) Proposals may be rejected for any of (but not limited to) the following:

a. Failure to use the proposal form(s) furnished by EHN, if applicable.
b. Lack of signature by an authorized representative that can legally bind the company on the proposal form.
c. Failure to properly complete the proposal.
d. Proposals that do not meet the mandatory requirements.
e. Evidence of collusion among proposers.

5. RESTRICTIVE OR AMBIGUOUS SPECIFICATIONS
It is the responsibility of the prospective proposer/bidder to review the entire RFP/IFB packet and to notify EHN if the specifications are formulated in a manner that would restrict competition or appear
ambiguous. Any such protest or question(s) regarding the specifications or proposal procedures must be received by EHN no later than the close of third business day following the submission deadline. Vendors are to propose as specified herein or propose an approved equal/substitutes.

6. SUBSTITUTES
It is not EHN’s intent to discriminate against any material of equal merit to those specified. However, should the proposer desire to use any substitutions, prior written approval shall be obtained from EHN prior to the Question Deadline in order that an addendum might be issued.

7. EXCEPTIONS TO PROPOSAL
The proposer will complete and submit the attached deviation form should proposer require any exceptions to the conditions of the proposal. If no deviations are stated, it will be understood that all general and specific conditions will be complied with, without exception.

The Proposer must specify in its proposal any alternatives it wishes to propose for consideration by EHN. Each alternative should be sufficiently described and labeled within the proposal and should indicate its possible or actual advantage to the program being offered.

EHN reserves the right to offer these alternatives to other proposers.

8. PRICING
Proposals for equipment shall offer new (unused) equipment or merchandise unless otherwise specified. Quotes F.O.B. destination. If otherwise, show exact cost to deliver. Proposal will be either lump sum or unit prices as shown on the proposal sheet. The net price will be delivered to EHN, including all freight or shipping charges. In case of error in extension, unit prices shall govern. Proposal subject to unlimited price increases will not be accepted. EHN is tax exempt and no taxes should be included in your proposal. Price should be itemized.

Unless prices and all information requested are complete, proposal may be disregarded and given no consideration.

In case of default by the Proposer, EHN may procure the articles or services from other sources and may deduct from any monies due, or that may thereafter become due to the contractor, the difference between the price named in the contract of purchase order and the actual cost thereof to EHN. Prices paid by EHN shall be considered the prevailing market price at the time such purchase is made. Periods or performance may be extended if the facts as to the cause of delay justify such extension in the opinion of the Purchasing Agent.

9. TAX EXEMPTION
Pursuant to Section 151.309 of the Texas Tax Code, EHN qualifies for exemption from sales, excise and use taxes imposed under the Limited Sales, Excise, and Use Tax Act, which is codified at Chapter 151 of the Texas Tax Code. In accordance with Section 151.309, a taxable item sold, leased, or rented to, or stored, used, or consumed by EHN is exempt from the taxes imposed under Chapter 151.

10. MODIFICATION OF PROPOSALS
A proposer may modify a proposal by letter at any time prior to the submission deadline for receipt of proposals. Modification requests must be received prior to the submission deadline. Modifications made before opening time must be initialed by proposer guaranteeing authenticity. Proposals may not be amended or altered after the official opening with the single exception that any product literature and/or
supporting data required by the actual specifications, if any, will be accepted at any time prior to the consideration of same. No substitutions or cancellations for merchandise will be permitted without written approval of EHN.

11. SIGNATURE OF PROPOSALS
Each proposal shall give the complete mailing address of the Proposer and be signed by an authorized representative by original signature with the authorized representative’s name and legal title typed below the signature line. Each proposal shall include the Proposer’s Federal Employer Identification Number (FEIN). Failure to sign the Contract page(s) and proposal response sheet will disqualify the proposer from being considered by EHN. The person signing on behalf of the Proposer expressly affirms that the person is duly authorized to render the proposal and to sign the proposal sheets and contract under the terms and conditions of this Proposal and to bind the Proposer thereto and further understands that the signing of the contract shall be of no effect until it is fully executed by both parties.

12. AWARD OF BID/PROPOSALS—EVALUATION CRITERIA AND FACTORS
An award will be offered to the responsible proposer whose proposal is determined to be the best value and demonstrates the best ability to fulfill the requirements set forth in an RFP/IFB. The prices proposed will be considered firm and cannot be altered after the submission deadline. The proposed cost to EHN will be considered firm, unless EHN invokes its right to request a best and final offer and cannot be altered after the submission deadline.

A proposer whose proposal does not meet the mandatory requirements set forth in this RFP/IFB will be considered noncompliant.

Each proposer, by submitting a proposal, agrees that if its proposal is accepted by EHN, such proposer will furnish all items and services upon the terms and conditions in this proposal and any resultant contract.

Additionally, EHN reserves the right to terminate this Agreement subject to thirty (30) calendar days written notice to the Contractor should it be later identified as a service which can be consolidated into a statewide/regionalized Agreement. EHN may exercise its option to cancel the remaining years of this Agreement, should it be decided that with additional institutions and/or sites, EHN would receive a better rate for the same service.

However, EHN can immediately terminate this Agreement for cause. The term “for cause” shall mean that the Contractor fails to meet the terms, conditions, and/or responsibilities of the Agreement. In this instance, the Agreement termination shall be effective as of the date indicated on the EHN’s notification to the Contractor.

This Agreement may be suspended or cancelled without notice, at the option of the Contractor, if the Contractor or EHN’s premises or equipment are destroyed by fire or other catastrophe, or so
substantially damaged that it is impractical to continue service, or in the event the Contractor is unable to render service as a result of any action by any governmental authority.

**Liability for Loss and Damages**
Any damages by the Contractor to an EHN facility including equipment, furniture, materials or other EHN property, will be repaired or replaced by the Contractor to the satisfaction of EHN at no cost to EHN. EHN may, at its option, repair any such damage and deduct the cost thereof from any sum due Contractor under this Agreement.

**Computer Software Management Memo**
Contractor certifies that it has appropriate systems and controls in place to ensure that EHN funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.

**Accounting Principles**
The Contractor will adhere to generally accepted accounting principles as outlined by the American Institute of Certified Public Accountants. Dual compensation is not allowed; a Contractor cannot receive simultaneous compensation from two or more funding sources for the same services performed even though both funding sources could benefit.

All work provided by the Contractor shall conform to the latest requirement of federal, state, and local regulations. Contractor is responsible for compliance with all applicable laws, codes, rules and regulations in connection with work performed under this agreement.

If nonconformity is discovered prior to the Contractor’s deadline, the Contractor will be given a reasonable opportunity to cure the nonconformity. If the nonconformity is discovered after the deadline for the completion of the project, EHN, in its sole discretion, may use any reasonable means to cure the nonconformity. The Contractor shall be responsible for reimbursing EHN for any additional expenses incurred to cure such defects.

**Subcontractor/Consultant Information**
Contractor is required to identify all subcontractors and consultants who will perform labor or render services in the performance of this Agreement. Additionally, the Contractor shall notify EHN in writing within ten (10) working days of any changes to the subcontractor and/or consultant information.

**Temporary Nonperformance**
If, because of mechanical failure or for any other reason, the Contractor shall be temporarily unable to perform the work as required, EHN, during the period of the Contractor’s inability to perform, reserves the right to accomplish the work by other means and shall be reimbursed by the Contractor for any additional costs above the Agreement price.

**Extension of Term**
If it is determined to be in the best interest of EHN, this Agreement may be amended to extend the term. Upon signing the amendment, the Contractor hereby agrees to provide services for the extended period at the rates specified in the original Agreement. Agreement shall not be set for auto renewal.

If the Proposer receives an award as a result of its proposal submission, failure to have made such investigations and examinations will in no way relieve the Proposer from its obligation to comply in every detail with all provisions and requirements of the contract, nor will a plea of ignorance of such conditions and requirements be accepted as a basis for any claim whatsoever by the Proposer for additional compensation.

16. NO COMMITMENT BY EHN
This Proposal does not commit EHN to award any costs or pay any costs, or to award any contract, or to pay any costs associated with or incurred in the preparation of a proposal to this proposal, or to procure or contract for services or supplies.

17. SINGLE PROPOSAL RESPONSE
If only one proposal is received in response to the Invitation for Bid or Request for Proposals, a detailed cost proposal may be requested of the single contractor. A cost/price analysis and evaluation and/or audit may be performed of the cost proposal in order to determine if the price is fair and reasonable.

18. CHANGES IN SPECIFICATIONS
If it becomes necessary to revise any part of this proposal, a written notice of such revision will be posted on the EHN Purchasing website. EHN is not bound by any oral representations, clarifications, or changes made in the written specifications by EHN’s employees, unless such clarification or change is posted on the EHN Purchasing website. It shall be the Proposer’s responsibility to check the website prior to the proposal opening date to verify whether any addendums have been posted.
