- A. **Discuss and take appropriate action regarding award of RFP 18-004 for Health Plan and Benefits Consultant Services and authorize CEO to execute agreement with Fairly Group.**

Mr. Peter Fargo & Alex Fairly reported on the following:

Discussion was had regarding the feedback from the scoring committee comprised of 5 members. Mr. Fargo added that HUB did not answer to the specific needs of the center and was very broad in their response. USI’s cost was high with annual increments. MSW’s response had several years of redevelopment with a 24 hour response turnaround for calls and emails. The scoring committee felt that the response from the Fairly Group was written to address the centers needs as stated in the RFP. Mr. Fairly introduced himself and added that their focus is to manage the cost of risk. Mr. Fairly ensures that EHN can terminate the contract with no penalty if dissatisfied with the results. A recommendation was made to monitor cost savings annually. The HR Committee will be involved in the process as the center is working with the consultant and looking at options and pricing. The

recommendation was made to contract the Fairly Group as the Health and Benefits Plan Consultant with a five year contract.

**EHNBOT Action: DRISCOLL moved/MYER seconded to approve the award of RFP 18-004 for health and benefits consultant and approve and authorize CEO to execute agreement with Fairly Group. (4/0)**
