  • Improving Access
  • Increasing Communications
  • Enhancing Resource Development
  • Strengthening the Organization

BACKGROUND
In accordance with Texas Health and Safety Code (THSC), §533.0352 (Local Authority Planning for Local Service Area), “each local mental health and mental retardation authority shall develop a local service area plan to maximize the authority’s services by using the best and most cost-effective means of using federal, state, and local resources to meet the needs of the local community according to the relative priority of those needs.”

This collaborative approach to service provision is detailed in Title 25, Texas Administrative Code (25 TAC), Chapter 412, Subchapter P. It establishes a standardized, transparent process for planning and developing a network of mental health service providers, emphasizes a choice of providers, and allows for local control through stakeholder input while requiring the network to be managed by Emergence Health Network (EHN).
OBJECTIVES
Resilience and recovery are fundamental principles of the mental health system. These principles have been incorporated in the selection of available services. Evidence-based and promising practices are an integral part of Texas Resiliency and Recovery (TRR). Through the use of these practices, the services and supports provided within the mental health system will result in measurable outcomes and ultimately the resilience, recovery, and achievement of mental health of adults, children, and youth (DSHS.Texas.gov).

SCOPE
As the Local Mental Health Authority, EHN is seeking private providers who may be interested in collaborating for the provision of mental health services as part of our Local Provider Network Development (LPND). Providers who are interested in providing mental health services, would complete the attached Provider Inquiry Form (addendum “A”) after reviewing the information presented at the DSHS-LPND website. http://www.dshs.texas.gov/mhcommunity/LPND/Local-Planning-and-Network-Development-TRR-Service-Requirements-and-Other-Standards.aspx
Providers may also find additional services under HCBS and YES waivers located at the EHN website: https://emergencehealthnetwork.org/procurement

- Applicants must be qualified, credentialed and capable of providing services according to the TRR requirements.
- Refer to TRR Service Requirements and other standards to review each level of care.

Exceptions:
- This process applies only to services funded through the Mental Health Performance Contract Notebook (PCN); it does not apply to services funded through Medicaid Managed Care. Data is requested only for the non-Medicaid population.
- The requirements for network development pertain only to provider organizations and complete levels of care or specialty services. Routine or discrete outpatient services and services provided by individual practitioners are governed by local needs and priorities and are not included in the assessment of provider availability or plans for procurement.
- Individual practitioners should contact EHN by email at purchasing@ehnelpaso.org.
- Completing this form does not in any way commit EHN to procure your services.

General Provisions

These General Provisions are considered standard language for all EHN proposals and RFA/IFB documents. If any “specific proposal requirements” differ from the General Provisions listed here, the “specific proposal requirements” shall prevail.

1. RFA PACKAGE

The proposal, general and special provisions, drawings, specifications/line item details, contract documents and the proposal sheet are all considered part of the proposal package. Proposals must include all forms provided by EHN, completed in their entirety and signed by an authorized representative by original signature. Any individual signing on behalf of the proposal expressly affirms that he or she is duly authorized to tender this proposal and to sign the proposal sheet/contract under the terms and conditions in this proposal. Proposer further understands that the signing of the contract shall be of no effect unless subsequently awarded and the contract properly executed by the CEO. All financial offers must be written in ink or typed. Offers written in pencil or with erasures are not acceptable. However, mistakes may be crossed out, corrections inserted and initialed in ink by the individual signing the proposal. Changes must also be made to any electronic copies submitted. If there are discrepancies between unit prices quoted and extensions, the unit price will prevail. Each proposer should thoroughly review this entire proposal packet to familiarize themselves with the proposal procedures, the plans, and specifications for the requested work as well as the terms, and conditions of the contract the successful proposer will execute with EHN.

2. COMPETITIVENESS AND INTEGRITY

To prevent biased evaluations and to preserve the competitiveness and integrity of such acquisition efforts, proposers are to direct all communications regarding this proposal to the bidquestions@ehnelpaso.org or assigned designee, unless otherwise specified in this RFA.

An authorized person from the submitting firm or organization must sign all proposals. The signature acknowledges that the proposer has read the documents thoroughly before submitting a proposal and will fulfill the obligations in accordance with the terms, conditions, and specifications.

3. PROPOSER’S RESPONSIBILITY

The preferred proposer will:

- Demonstrate continuous operation of their business for services requested under this RFA for a minimum of 5 years;
- Demonstrate adequate financial resources or the ability to obtain such resources as applicable by law;
- Demonstrate capacity to comply with all federal, state, and local laws, rules, regulations, ordinances, and orders that may be required in performing the services requested under this RFA;
- Demonstrate a satisfactory record of performance for the services requested under this RFA; and
- Demonstrate a satisfactory record of integrity and ethics.

4. REJECTION/DISQUALIFICATION OF PROPOSALS

EHN reserves the right to: (1) Reject any or all proposals in whole or in part received by reason of this RFA and may discontinue its efforts in seeking proposals or execution of a resulting contract for any reason or no reason whatsoever. EHN reserves the right to accept or reject all or any part of the proposal, waive technicalities, or to award by item or by the total proposal; (2) Proposals may be rejected
for any of (but not limited to) the following:

a. Failure to use the proposal form(s) furnished by EHN, if applicable.
b. Lack of signature by an authorized representative that can legally bind the company on the proposal form.
c. Failure to properly complete the proposal.
d. Proposals that do not meet the mandatory requirements.
e. Evidence of collusion among proposers.

5. RESTRICTIVE OR AMBIGUOUS SPECIFICATIONS
It is the responsibility of the prospective proposer/bidder to review the entire RFA packet and to notify EHN if the specifications are formulated in a manner that would restrict competition or appear ambiguous. Any such protest or question(s) regarding the specifications or proposal procedures must be received by EHN no later than the close of the third business day following the submission deadline. Vendors are to propose as specified herein or propose an approved equal/substitutes.

6. SUBSTITUTES
It is not EHN’s intent to discriminate against any material of equal merit to those specified. However, should the proposer desire to use any substitutions, prior written approval shall be obtained from EHN prior to the Question Deadline in order that an addendum might be issued.

7. EXCEPTIONS TO PROPOSAL
The proposer will complete and submit the attached deviation form (Appendix B) should proposer require any exceptions to the conditions of the proposal. If no deviations are stated, it will be understood that all general and specific conditions will be complied with, without exception.

The Proposer must specify in its proposal any alternatives it wishes to propose for consideration by EHN. Each alternative should be sufficiently described and labeled within the proposal and should indicate its possible or actual advantage to the program being offered.

EHN reserves the right to offer these alternatives to other proposers.

8. PRICING
Proposals for equipment shall offer new (unused) equipment or merchandise unless otherwise specified. Quotes Free on Board (FOB) destination. If otherwise, show the exact cost to deliver. The proposal will be either in a lump sum or unit prices. The net price will be delivered to EHN, including all freight or shipping charges. In case of error in extension, unit prices shall govern. Proposal subject to unlimited price increases will not be accepted. EHN is tax exempt and no taxes should be included in your proposal. Price should be itemized.

Unless prices and all information requested are complete, proposal may be disregarded and given no consideration.

In case of default by the Proposer, EHN may procure the articles or services from other sources and may deduct from any monies due, or that may thereafter become due to the contractor, the difference between the price named in the contract of the purchase order and the actual cost thereof to EHN.
Prices paid by EHN shall be considered the prevailing market price at the time such purchase is made. Periods or performance may be extended if the facts as to the cause of delay justify such extension in the opinion of the Purchasing Agent.

9. TAX EXEMPTION
Pursuant to Texas law, EHN, a governmental agency, qualifies for exemption from sales, excise, and use taxes. In accordance with Texas law, a taxable item sold, leased, or rented to, or stored, used, or consumed by EHN is exempt from tax.

10. MODIFICATION OF PROPOSALS
A proposer may modify a proposal by letter at any time prior to the submission deadline for receipt of proposals. Modification requests must be received prior to the submission deadline. Modifications made before opening time must be initialed by proposer guaranteeing authenticity. Proposals may not be amended or altered after the official opening with the single exception that any product literature and/or supporting data required by the actual specifications, if any, will be accepted at any time prior to the consideration of same. No substitutions or cancellations for merchandise will be permitted without written approval of EHN.

11. SIGNATURE OF PROPOSALS
Each proposal shall give the complete mailing address of the Proposer and be signed by an authorized representative by original signature with the authorized representative's name and legal title typed below the signature line. Each proposal shall include the Proposer’s Federal Employer Identification Number (FEIN). Failure to sign the Contract page(s) and proposal response sheet will disqualify the proposer from being considered by EHN. The person signing on behalf of the Proposer expressly affirms the following: 1) is duly authorized to render the proposal; 2) is duly authorized to sign the proposal sheets and contract under the terms and conditions of this Proposal; 3) to bind the Proposer thereto; and, 4) clearly understands that the signing of the contract shall be of no effect until it is fully executed by both parties.

12. AWARD OF BID/PROPOSALS-EVALUATION CRITERIA AND FACTORS
An award will be offered to the responsible proposer whose proposal is determined to be the best value and demonstrates the best ability to fulfill the requirements set forth in an RFA/IFB. The prices proposed will be considered firm and cannot be altered after the submission deadline. The proposed cost to EHN will be considered firm unless EHN invokes its right to request a best and final offer and cannot be altered after the submission deadline.

A proposer whose proposal does not meet the mandatory requirements set forth in this RFA/IFB will be considered noncompliant.

Each proposer, by submitting a proposal, agrees that if its proposal is accepted by EHN, such proposer will furnish all items and services upon the terms and conditions in this proposal and any resultant contract.

13. PUBLIC INFORMATION ACT
The parties agree that EHN is a governmental entity for purposes of the Texas Public Information Act (TPIA), codified as Chapter 552 of the Texas Government Code and as such is required to release

Contractor acknowledges that EHN, as a governmental agency cannot indemnify third parties as per the requirements of Texas law.

b. **Independent Contractor.** It is agreed nothing herein contained is intended or should be construed in any manner as creating or establishing the relationship of co-partners between the parties hereto. Further, nothing in this agreement shall be construed as establishing Contractor as the agent, representative or employee of EHN for any purpose or in any manner whatsoever. Contractor represents it has or will secure at its own expense, all personnel required in performing services under this Agreement. Any and all personnel of the Contractor or other persons while so engaged, and any and all claims whatsoever on behalf of any such person or personnel arising out of employment or alleged employment including, without limitation, claims of discrimination against the Contractor, its officers, agents, or employees shall in no way be the responsibility of EHN. Such personnel or other persons employed by Contractor shall not be entitled to any compensation, rights or benefits of any kind available to EHN employees, including, without limitation, medical and
hospital care, sick and vacation leave, worker’s compensation, unemployment compensation, disability, or severance pay.

**Right to Terminate**
EHN reserves the right to terminate this Agreement subject to thirty (30) calendar days’ written notice to the Contractor. Contractor may submit a written request to terminate this Agreement only if EHN should substantially fail to perform its responsibilities as provided herein.

Additionally, EHN reserves the right to terminate this Agreement subject to thirty (30) calendar days written notice to the Contractor should it be later identified as a service which can be consolidated into a statewide/regionalized Agreement. EHN may exercise its option to cancel the remaining years of this Agreement, should it be decided that with additional institutions and/or sites, EHN would receive a better rate for the same service.

However, EHN can immediately terminate this Agreement for cause. The term "for cause" shall mean that the Contractor fails to meet the terms, conditions, and/or responsibilities of the Agreement. In this instance, the Agreement termination shall be effective as of the date indicated on the EHN’s notification to the Contractor.

This Agreement may be suspended or canceled without notice, at the option of the Contractor, if the Contractor or EHN’s premises or equipment are destroyed by fire or other catastrophes, or so substantially damaged that it is impractical to continue service, or in the event the Contractor is unable to render service as a result of any action by any governmental authority.

**Liability for Loss and Damages**
Any damages by the Contractor to an EHN facility including equipment, furniture, materials or other EHN property, will be repaired or replaced by the Contractor to the satisfaction of EHN at no cost to EHN. EHN may, at its option, repair any such damage and deduct the cost thereof from any sum due Contractor under this Agreement.

**Computer Software Management Memo**
Contractor certifies that it has appropriate systems and controls in place to ensure that EHN funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.

**Accounting Principles**
The Contractor will adhere to generally accepted accounting principles as outlined by the American Institute of Certified Public Accountants. Dual compensation is not allowed; a Contractor cannot receive simultaneous compensation from two or more funding sources for the same services performed even though both funding sources could benefit.

**Liability for Nonconforming Work**
All work provided by the Contractor shall conform to the latest requirement of federal, state, and local regulations. The contractor is responsible for compliance with all applicable laws, codes, rules, and regulations in connection with work performed under this agreement.
The Contractor will be fully responsible for ensuring that the completed work conforms to the agreed upon terms. If nonconformity is discovered prior to the Contractor's deadline, the Contractor will be given a reasonable opportunity to cure the nonconformity. If the nonconformity is discovered after the deadline for the completion of the project, EHN, in its sole discretion, may use any reasonable means to cure the nonconformity. The Contractor shall be responsible for reimbursing EHN for any additional expenses incurred to cure such defects.

**Subcontractor/Consultant Information**
The contractor is required to identify all subcontractors and consultants who will perform labor or render services in the performance of this Agreement. Additionally, the Contractor shall notify EHN in writing within ten (10) working days of any changes to the subcontractor and/or consultant information.

**Temporary Nonperformance**
If, because of mechanical failure or for any other reason, the Contractor shall be temporarily unable to perform the work as required, EHN, during the period of the Contractor's inability to perform, reserves the right to accomplish the work by other means and shall be reimbursed by the Contractor for any additional costs above the Agreement price.

**Extension of Term**
If it is determined to be in the best interest of EHN, this Agreement may be amended to extend the term. Upon signing the amendment, the Contractor hereby agrees to provide services for an extended period at the rates specified in the original Agreement. The agreement shall not be set for auto renewal.

Further, the Contractor shall make available for inspection and/or copying when requested, original data, records, and accounts relating to the Contractor’s work and performance under this Agreement. In the event any such material is not held by the Contractor in its original form, a true copy shall be provided.
15. PROPOSER INVESTIGATION
Before submitting a proposal, each Proposer shall make all investigations and examinations necessary to ascertain all site conditions and requirements affecting the full performance of the Agreement and to verify any representations made by EHN upon which the Proposer will rely. If the Proposer receives an award as a result of its proposal submission, failure to have made such investigations and examinations will in no way relieve the Proposer from its obligation to comply in every detail with all provisions and requirements of the contract, nor will a plea of ignorance of such conditions and requirements be accepted as a basis for any claim whatsoever by the Proposer for additional compensation.

16. NO COMMITMENT BY EHN
This Proposal does not commit EHN to award any costs or pay any costs, or to award any contract, or to pay any costs associated with or incurred in the preparation of a proposal to this proposal, or to procure or contract for services or supplies.

17. SINGLE PROPOSAL RESPONSE
If only one proposal is received in response to the Invitation for Bid or Request for Proposals, a detailed cost proposal may be requested of the single contractor. A cost/price analysis and evaluation and/or audit may be performed of the cost proposal in order to determine if the price is fair and reasonable.

18. CHANGES IN SPECIFICATIONS
If it becomes necessary to revise any part of this proposal, a written notice of such revision will be posted on the EHN Purchasing website. EHN is not bound by any oral representations, clarifications, or changes made in the written specifications by EHN’s employees unless such clarification or change is posted on the EHN Purchasing website. It shall be the Proposer’s responsibility to check the website prior to the proposal opening date to verify whether any addendums have been posted.

Assessing Provider Availability

Provider organizations can indicate interest in contracting with an LMHA/LBHA through the LPND website or by contacting the LMHA/LBHA directly. On the LPND website, a provider organization can submit a Provider Inquiry Form that includes key information about the provider. HHSC will notify both the provider and the LMHA/LBHA when the Provider Inquiry Form is posted.

During its assessment of provider availability, it is the responsibility of the LMHA/LBHA to contact potential providers to schedule a time for further discussion. This discussion provides both the LMHA/LBHA and the provider an opportunity to share information so that both parties can make a more informed decision about potential procurements.

The LMHA/LBHA must work with the provider to find a mutually convenient time. If the provider does not respond to the invitation or is not able to accommodate a teleconference or a site visit within 14 days of the LMHA/LBHA’s initial contact, the LMHA/LBHA may conclude that the provider is not interested in contracting with the LMHA/LBHA.

If the LMHA/LBHA does not contact the provider, the LMHA/LBHA must assume the provider is interested in contracting with the LMHA/LBHA.

An LMHA/LBHA may not eliminate the provider from consideration during the planning process without evidence that the provider is no longer interested or is clearly not qualified or capable of provider services in accordance with applicable state and local laws and regulations.
