**Job Code:** BHT - 107  
**Revision Date:** Dec 21, 2018

## **Salary Range:**

\$13.10 - \$21.42 Hourly  
\$1,048.00 - \$1,713.60 Biweekly  
\$27,238.00 - \$44,558.00 Annually

**FLSA:** Non-Exempt

## **Overview**

We are an agency committed to innovative behavioral health services in trauma-informed care that promote healing and recovery to instill a sense of empowerment and foster a lifelong sense of resilience.

## **General Description**

The Behavioral Health Technician (BHT) functions as an active part of the treatment team, providing continuous patient care, supervision, interaction, and role modeling to patients ranging in ages depending on work location. BHTs work under the direction of a nurse and /or other appropriately designated staff. The Behavioral Health Technician participates in delegated activities and in the care of the client and promoting safety, both physical and emotional, for the client. Responsible for providing services through the observation, monitoring, management and documentation process of the client in the care setting. Follows policies and procedures and exhibits leadership by assuming responsibility and accountability of actions. Displays commitment to patient care and adheres to the EHN code of ethics, exhibits self-direction, partakes in continued learning and participates in research activities when possible. Provides a safe and therapeutic environment for consumers.

## **Duties and Responsibilities**

**The functions listed below are those that represent the majority of the time spent working in this position. Management may assign additional functions related to the type of work of the position as necessary.**

- Must be able to positively interact and develop rapport with clients their families, professional and support staff, and various levels of staff from community agencies.
- Must be able to maintain a calm non-defensive, supportive attitude during crisis or potential crisis situations.
- Must be able to demonstrate
- Manual dexterity to keep documentation records.
- Able to visually and auditory monitor patients.
- Know techniques to prevent behavior harmful to the clients or others.
- Provide behavior management in crisis situations.

- Assess potential crisis situations and call for assistance if needed.
- Emotional stability necessary to perform the essential functions of the job.
- Vision and hearing sufficient to perform the essential functions of the job.
- Other duties and locations as assigned.

### **Minimum Education and Experience Requirements**

Requires High School graduation or GED equivalent. No experience required.

Experience with trauma-informed services; cognitive behavioral therapies, including DBT; and motivational therapies including the use of incentives, preferred.

### **Required Knowledge and Abilities**

Knowledge of trauma-informed theories, principals, and practices (includes multi-faceted understanding of concepts such as community trauma, intergenerational and historical trauma, parallel processes, and universal precautions), preferred.
