Overview

We are an agency committed to innovative behavioral health services in trauma-informed care that promote healing and recovery to instill a sense of empowerment and foster a lifelong sense of resilience.

General Description

The purpose of this job is to provide oversight, management of the administration and professional operations of the Diversion Services Division. Execute the agency's and unit's policies and procedures regarding the operation, processing and monitoring of contracts for Diversion Services. Provides consultation to executive team regarding diversion development, activities, and needs. Coordinate program development, implementation, monitoring and compliance to ensure unit success.

This class works independently, under limited supervision, reporting major activities through periodic meetings.

Duties and Responsibilities

The functions listed below are those that represent the majority of the time spent working in this position. Management may assign additional functions related to the type of work of the position as necessary.

- Supervises, directs, and evaluates assigned staff, processing employee concerns and problems, directing work, counseling, disciplining, and completing employee performance appraisals.
- Coordinates, assigns and reviews work and establishes work schedules; maintains standards; monitors status of work in progress; inspects completed work assignments; answers questions; gives advice and direction as needed.
- Assists in providing support and resources for Diversion program supervisors, along with problem solving for day to day operations.
- Reviews and assists with status and adjustment of weekly, monthly and annual budget and financial needs of each grant/contract.
- Creates, implements, monitors and provides reports for new programs funded through grants or contracts.

- Meets with stakeholders, both internal and external, for identification and explanation of community and program needs, processes, organizational implementation.
- Performs other duties as assigned.

Minimum Education and Experience Requirements

Requires a Bachelor's Degree (Master's preferred) in Behavioral Health, Business, Nursing, or Public Administration supplemented by five (5) years of supervisory experience in behavioral health, hospital administration, human behavior, crisis/emergency management or closely related field; or possession of any equivalent combination of education, training, and experience which provides the requisite knowledge, skills, and abilities.

Experience with trauma-informed services; cognitive behavioral therapies, including DBT; and motivational therapies including the use of incentives, preferred.

Required Knowledge and Abilities

Knowledge of trauma-informed theories, principals, and practices (includes multi-faceted understanding of concepts such as community trauma, intergenerational and historical trauma, parallel processes, and universal precautions), preferred.

Physical Demands
