Overview

We are an agency committed to innovative behavioral health services in trauma-informed care that promote healing and recovery to instill a sense of empowerment and foster a lifelong sense of resilience.

General Description

The Program Manager supports the program Director in overseeing the clinical services provided in the community to individuals exhibiting symptoms of mental illness. The Program Manager responds to and coordinates with Crisis and Emergency Services leadership and officers assigned from the El Paso Police Department in a joint collaborative initiative called the Crisis Intervention Team (CIT). CIT interfaces with other programs in the agency, law enforcement jurisdictions, and the community. This position is responsible for providing the following services: Management and oversight of the program, assuming leadership and administrative support during their assigned shift, data collection and reporting, crisis intervention, mental health assessments, case management and follow-up, patient linkages & referrals, and serves as the liaison between the agency and the community. The position is responsible for staff training and supervision of clinical and crisis staff assigned to the unit. Under CIT, the Program Manager manages and monitors the design and implementation of specialized clinical programs, community outreach, therapies, and treatment modalities. The Program Manager coordinates and deploys clinical and crisis team members to provide services provided in the community. The Program Manager ensures quality care standards are met for patient centered care efforts, and oversees the flexibility, appropriate documentation, and provision of patient services. The Program Manager ensures that all standard operating procedures are met for EHN staff; is responsible in responding to the needs or requirements submitted by the El Paso Police Department and maintaining operational and communication efficiency between both agencies.
