Overview

We are an agency committed to innovative behavioral health services in trauma-informed care that promote healing and recovery to instill a sense of empowerment and foster a lifelong sense of resilience.

General Description

The purpose of this job is to assist the Director of Clinical Support Services in the coordination and implementation of clinical services offered to EHN consumers by Licensed Professional Counselors, Licensed Clinical Social Workers, Licensed Marriage & Family Therapists, Peer Support Specialists, volunteers and student interns. Responsible for staff training and supervision of EHN Clinical Services team as deemed appropriate. Position requires Lead Therapist to provide direct care service as an LPHA conducting assessments, diagnosing, and conducting individual, group and family sessions as well as supervising employees on a one on one and/or group basis. He or she will be the primary contact person for clients and families and will spearhead efforts to engage clients in treatment. The Lead Therapist primary goals are to build a positive relationship with participants and assist them in developing their abilities for self-management. The Lead Therapist will work with participants using a shared decision-making process to develop and modify treatment plans. The Lead Therapist will provide support, education, consultation, and basic services to participants and their families. With younger individuals, work with families will be more prominent since they play a pivotal role in the individuals' lives during adolescence and the first years of adulthood. The Lead Therapist will monitor, oversee, and supervise the team-based process.

This class works under general supervision, independently developing work methods and sequences.
