Reply/Clarification

1.-Hikvision is preferred but would you accept a comparable alternative?

1.-The existing equipment is Hikvision. Our experience with this equipment in quality and ease of use is very positive and also a determining factor to stay with the same brand of equipment. We are looking to grow existing system with the same brand equipment throughout the organization.

2.-10 (ten) cameras is recommended- Can you please confirm number for each facility if changed other than 10?

1600 Montana

2.-We are estimating that 1600 Montana might require more cameras and 2 DVR's. Other locations will require less than 10 cameras which we can use for the facilities that require more than 10 cameras as long as it does not exceed 90 cameras total
